Customer Bury - City Wide WIFI Responsibilities

- Provide enough wire and extra slack, provided in a coil, for customer to properly bury wire at acceptable depth.
- Inform customer of approximate cable route between antenna and building entrance

Customer Bury - Customer Responsibilities

- Call MISS-DIG at 811 and have property located for public utilities.
- Follow all laws and rules as provided by MISS-DIG.
- Locate all private utilities (Water, Well, Power, Septic, Satellite TV, Propane, etc).
- Bury Ethernet cable at a depth of at least 3 inches underground.
- Ensure that wire cannot be damaged by improper burial or failure to bury wire.
- Failure to properly bury wire can cause trip and fall hazards and can be dangerous. Customer accepts and assumes all responsibility and liability.
- Failure to bury wire properly can lead to damaged cable. Customer is responsible for any costs for repair, including service call fee, cost of replacement wire, repair kits and labor.
CWW Bury - City Wide WiFi Responsibilities

- Contact MISS-DIG at 811 or online and have property located for public utilities.
- Follow all laws and rules as provided by MISS-DIG.
- (Optional & Fee) Locate known, traceable private utilities (Water, Well, Power, Septic, Satellite TV, Propane etc).
- Bury Ethernet cable at a depth of at least 3 inches underground.
- Ensure that wire cannot be damaged by improper burial or failure to bury wire.

CWW Bury - Customer Responsibilities

- Ensure that area is clear of obstructions and debris, to allow work to be performed.
- Notify Locator and bury crew of all private underground utilities that may be present.
